

Hello. We are Forerunner Records.

We are pleased that you have chosen to study one of our music courses at Matthew Boulton College.

You will take part in a number of music based activities during your advice and guidance appointment and have the opportunity to speak to the music team.

You will be involved in a group session and will also have a one-to-one appointment with a member of music staff.

Please ensure that you bring your Record of Achievement and a recent school report with you

If you are successful you will be invited in at a later date to either:

- Have an audition on your instrument or voice (Performance routes)
- Have an assessment of your sound engineering ability (Production routes)

The music team wish you the best of luck and look forward to seeing you.

J. Bateman
